A place to rest. Room to grow.

A five-acre vision for gathering, prayer, learning, and connection for first responders, families, chaplains, and the community.

Solid line: approximate boundary. Dashed lines: proposed trails. Concept only; not a survey.

GATHER & LEARN

Two 20-person training rooms face each other, with doors swinging open to a shared covered patio.

REST, WORSHIP & CONNECT

Prayer and meditation trails, benches, a labyrinth, and the creek bridge. A cross and firepit for special gatherings to worship and minister to one another.

PLAY, MOVE & CONNECT

A kids' play zone, therapy-animal pen, outdoor workout area, and a separate archery spot create space for activity and connection.

GROW & SHARE

A proposed Keelan family home, garden, and chicken coop, with resources to share with first responders. Expanded parking and a free library and exchange to take, borrow, or leave books and items.
